

## CB serie

Mains power supply	220-240 VAC 50-60 Hz
Actuator supply output	24 VDC
Number of connections for actuators	1 to 4 depending on model
Number of connections for controls	1 to 2 depending on model
Mounting	Directly on MS-2 actuator
Power supply cable	Removable
Sealing protection	IP54
Colour	Light grey (RAL 7035)

### Options :

Mains power supply	110VAC 50-60 Hz
Sealing protection	IP65
Mounting	Fixing plate
Electric safety	Power cut-off plug
Reset function without Mains power supply	With batteries

## CBT serie

Mains power supply	220-240 VAC 50-60 Hz
Actuator supply output	24 VDC
Number of connections for actuators	1 to 3 depending on model
Number of connections for controls	1 to 2 depending on model
Mounting	Separated from actuator - fixing holes
Sealing protection	IPX2
Colour	Black

### Options :

Memory/synchronisation function	2 actuators
Mains power supply	110VAC 50-60 Hz
Electric safety	Power cut-off plug

## CBP serie

Mains power supply	220-240 VAC 50-60 Hz
Actuator supply output	24 VDC
Number of connections for actuators	1 to 4
Number of connections for controls	1 to 2
Mounting	Separated from actuator - fixing holes
Sealing protection	IP54
Colour	Light grey (RAL 7035)

### Options :

Memory/synchronisation function	2 actuators
Back-up function	Battery with integrated charger
Mains power supply	110 VAC 50-60 Hz
